

RENTAL OFFER

SEPTEMBER 2026

NOVU

INTRODUCTION

Solving the challenge of multi brand showrooms, NOVU created an A-to-Z solution for rental furniture and fixtures: from client management, to elevated spatial design, 3D visualisations, installation and logistics: we do it all, hassle free.

STEP 1. BRIEF AND SELECTION

Share your floor plan and requirements, or select furniture directly from our catalogue.

STEP 2. SPATIAL DESIGN AND 3D
VISUALIZATION (OPTIONAL)

Our team creates a 2D floorplan and 3D renders, letting you project the finished space accurately and adjust anything before it's locked in.

STEP 3. CONFIRM AND BOOK

Confirm your selections and secure your order.

STEP 4. DELIVERY AND INSTALLATION

We handle white-glove delivery and full setup, ready for use.

STEP 5. DE-RIG

At the end of the rental period, we remove everything — no work required on your end.

SPATIAL DESIGN

SPATIAL DESIGN

Following an in-depth discussion of your desired aesthetic, our team develops a detailed 2D floorplan grounded in expert spatial design, translating your brand identity into a physical environment.

3D VISUALIZATIONS

3D VISUALIZATIONS

Our team is ready to support you with 1:1 3D representations of spaces, either from existing blueprints or created from scratch. We can take full control of set design, using 3D renders of both custom-made and existing items.

INSTALLATION & LOGISTICS

Our white-glove delivery service provides full-service logistics support, managing every stage from delivery and assembly through final pick-up, ensuring a seamless experience for businesses of any size.

WE OPERATE GLOBALLY.

All our services, including transport and installations are available across Europe. In the US, our offer is limited to standard rental and retail services.
